WORK EXPERIENCE

2010 – present | Manager | PPI AG

Consultant for «bank management and regulation» with focus on risk management and ESG as well as treasury risks. My customers are mainly mid size banks and their service providers.

2008 – 2009 | Adventurer| Africa Clockwise

Self-drive safari around the African continent.

1996 – 2008 | Head of Treasury & Markets| Head of Risk for Capital Markets LBBW/Landesbank Sachsen

After finishing my studies, I started my bank career where at the beginning I carried out the daily business of funds transfer pricing, hedging and funding. After gaining enough experience, in 2000 I took on the responsibility of heading the department Risk Controlling. From 2002 to 2006 I served as Head of Treasury, where I was in charge of all capital markets activities with all reporting duties. In 2006 I was promoted to Division Head of Treasury and Markets and took the responsibility for the whole capital markets and funding business including derivatives for the Leipzig Headquarter.

EDUCATION

1996 – M Sc Mathematics – Leipzig University

Master thesis: "On the pricing and optimal exercise of American options"
